

Mike Bailey Paint Services Pty Ltd Est. 1994 Mooroopna, Victoria

Mike Bailey came to the Goulburn Valley region in 1966 and after working in the private and government sector, saw the opportunity to establish a major painting and rendering service in 1994. Mike has been a strong community and business leader within the Mooroopna-Shepparton areas as a former School Council President, Rotarian, sponsor of the Mooroopna Football Club and a long term contributor to the apprenticeship scheme, employing 1-2 new apprentices per annum.

Victorian Master Painters Association - Board

Mike became President of the **Victorian master Painters Association** in 2007 and has served on the Board since 2002. He joined with another colleague the same year and both gave rural representation for the first time. In 2006 he served a second term as Vice-President, before being elected president.

Painting, Decorating, Maintenance & Consultancy services

With rapid expansion of client services and the demands of a growing client network, the company now services Melbourne, major regional centres and niche areas of Australia.

- The Company has built its reputation on quality and finish
- It has direct employee tradesmen, apprentices and scaffolders
- It contracts specialist sub-contractors to undertake specific tasks
- The Company is a family run business with the owners actively involved in the day to day running
- The Company is the exclusive Victorian Agent for Astec Paints and Coatings

The scope of work comprises single rooms to large private residences, commercial, industrial, and institutional buildings. They also specialise in Astec Acrylic Rendering for all interior and external applications – ranging from a full external project or makeover, to one wall! Mike and his team work hours that suit a client's project and are fully insured for security.

Victorian Agent for Energy Star by Astec - breakthrough paints and coatings to cool our urban environment and reduce energy bills by up to 50%.

In 2006 Mike Bailey Paint Services became the Victorian Agent for an exciting new range of breakthrough paints and coatings developed by leading South Australian company – Astec Paints Australia Pty Ltd, **that cool our urban environment, reduce energy bills by up to 50% and reduce greenhouse gas emissions.**

In early 2006 after extensive testing, **Astec** introduced onto the commercial market **Energy Star** infrared heat reflective water-based acrylic paints and coatings that prevent heat build up and remain cool on all exterior construction surfaces - **for domestic, commercial and industrial applications.**

Recent work completed by Mike Bailey Paint Services utilising these coatings include:

Melbourne's Scienceworks Museum, Shepparton Private Hospital, Goulburn Valley rural and domestic properties, Benalla Aldi Supermarket, Seymour Retirement Village, St Joseph's Secondary College Echuca, Cobram Retirement Village.

*These products have earned the **ENERGY STAR** logo and meet very strict energy efficient and environmental guidelines. **Astec Paints** are the first in Australia to display the internationally recognised **ENERGY STAR** logo. The Energy Star program is managed by governments in Australia and around the world. ie Australian Green House Office; Environmental Protection Agency, United States; Natural Resources Canada (NRCan); The European Commission (EC); The Energy Conservation Centre, Japan (ECCJ); and The Environment and Development Foundation, Taiwan (EDF).*
