

MIKE BAILEY PAINT SERVICES PROJECT PROFILE

Period Home Restoration Work Hawthorn, Melbourne

Project:
Lead Paint Removal

Time: April/May 2013

Description:

Prior to restoration and painting, the safe lead removal process* was used by Mike to prepare the windows of this period home, in Melbourne's pretty Eastern suburbs.

***Smart Strip™ PRO - Professional Paint Remover**

A professional strength paint stripper that effectively removes architectural, industrial and lead paints. This non-toxic paint removal system is formulated without methylene chloride and is non-carcinogenic, non-caustic and non-inflammable. It is low in VOCs, has low odour, is biodegradable and user friendly.
